NUMBER 292.

BLANCO'S FIRST EDICT

Two Proclamations Issued by the New Captain General.

NOT A WORD ABOUT AUTONOMY.

War Is Declared Afresh on the "Stubborn Enemies of the Spanish People"—Spain Decides to Satisfy the Demands of the United States in the Competitor Case. Other Cuban News.

HAVANA, Nov. 2.—General Blanco, the new captain general of Cuba, has taken the oath of his office pledging fidelity to Spain and issued his first proclamations. To the inhabitants of Cuba he says:

"I am again among you, with good will and a sincere desire to serve the general welfare and to establish a lasting peace. I shall follow a broad policy in my endeavor to restore fraternity among all of Cuba's inhabitants. I am sincere in my intention to inaugurate a new government policy, the object of which will be to secure and preserve peace. I hope you will all salute and embrace the Spanish flag, throwing aside all party prejudices and discarding alliances with those who are staining the country with blood. Clemency awaits all who observe the laws, but, however regrettable it may be, I shall rigorously fight those who obstinately or ungratefully continue to carry on war."

To the armed forces of the land he says:

"I desire to express my admiration for you who, in two years of hard campaign, have always bravely fought the infamous revolution. This I soon expect to suppress through your heroic efforts and with the concurrence of the whole country, which will unhesitatingly side with us to fight the victims of hallucination who aspire only to what must bring their complete destruction, to which all offers, as the only compensation, treason to the history of their race or the sale of their country to the foreigner. Let there be war, therefore, on the stubborn enemies of the Spanish people and protection for those who seek the clemency of Spain; and let this war, which dishonors us, and is making us penniless, end forever."

There is no reference to autonomy in either proclamation and both have produced a bad effect among all sympathizers with the insurrection. Marshal Blanco, when formally assuming his new functions at the palace, said to the deputations of the Conservative, Autonomist and Reformist parties, that in order to obtain peace through the new policy, it would be necessary for all political parties to unite. To the military deputations he said that he would answer war by war, repeating the substance of his proclamation in that respect. He made no overtures of autonomy, nor did he express any preference for any of the Cuban political parties.

Senor Galvez, the aged and highly esteemed president of the autonomist party, when addressing Marshal Blanco on behalf of the autonomist deputation said it was "necessary to affirm Spanish dominion and the rule of the Spanish monarchy in Cuba through autonomy. He said: "Not on behalf of the autonomist party, but on behalf of the island, we ask for autonomy, and we offer the services of the autonomist party to help in bringing the revolt to an end. It is highly necessary to change the existing state of misery and horror for one of peace and prosperity."

TO PREVENT FILIBUSTERING.

Another Man-of-War to Be Added to the Force in Florida Waters.

WASHINGTON, Nov. 2.—To prevent any further cause of complaint from Spain growing out of alleged non-enforcement of the neutrality laws, the administration has determined to add another man-of-war to the naval force now patrolling Florida waters.

The cruiser Detroit is to resume duty on the patrol. With the Detroit at Key West, the navy will be represented by four vessels, and the revenue cutter service by four revenue cutters in Florida waters. The officials think this force is sufficient to demonstrate the attitude of this government with reference to the enforcement of the neutrality laws.

As a result of the increase of force, a new program for watching for filibustering expeditions may be arranged. Instead of remaining at ports for information of filibustering operations, the men-of-war may be stationed to overhaul any suspicious craft steaming through the channels from Florida to Cuba. The Montgomery and Annapolis are now lying off the channel watching for the Silver Heels and Dauntless.

OUR DEMANDS ARE JUST.

Spain Decides to Satisfy the Competitor Claims.

NEW YORK, Nov. 2.—A dispatch to The World from Madrid says: The Competitor case was taken up by Foreign Minister Gullon, Colonial Minister Moret and Naval Minister Bermejo, to whom the matter had been referred by the cabinet. The communication from the United States government touching the affair was carefully examined, together with the Spanish evidence that the Competitor was a filibuster.

After mature consideration the ministers named reached the conclusion, in view of the precedents established in the case by the Duke of Tetuan, while he was foreign minister, and by the conservative cabinets of Senor Canovas

and General Azcarraga, that Spain must satisfy the demands of the American state department.

FORCING A CRISIS.

The Famous Tug Three Friends Starts Openly For Havana.

JACKSONVILLE, Fla., Nov. 2.—The famous tug Three Friends left here last evening towing the schooner Hartley, loaded with cattle for the Havana market. She left the river amid the booming of cannons, screaming of whistles and other salutes.

Back of this trip lies a rumor that the Cuban junta has sent the Three Friends to Cuba in the hope that her previous reputation may cause the Spaniards to seize her, and thus afford an excuse for American men-of-war to enter Havana harbor. From private sources it is learned that something is in the wind, and that the Cubans are waiting impatiently the result of this trip.

Weyler's Bad Break.

MADRID, Nov. 2.—Much surprise and ill feeling has been occasioned in official circles by the statement in the cabled accounts of the demonstration in Havana on Friday which preceded Lieutenant General Weyler's embarkation on the Monserrat, that he had declared, while addressing the deputations, that he had been recalled in "obedience to the wishes of the rebels and the demands of the United States."

Telegrams from Spanish correspondents in Cuba relative to General Weyler's conduct are couched in the gravest possible terms.

Filibustering Rendezvous Seized.

JACKSONVILLE, Fla., Nov. 2.—A special to The Times Union and Citizen says: It is reported in Key West that the Cuban filibuster rendezvous in the Bahamas has been seized by the British government and a quantity of arms secured and a few men arrested.

COLD WEATHER AT ST. MICHAEL'S.

River Frozen Over and Everybody Has Gone Into Winter Quarters.

TACOMA, Wash., Nov. 2.—The steam schooner Lakme, Captain Anderson, has arrived at Tacoma direct from St. Michael's and Dutch harbor. She left St. Michael's Oct. 14 and Dutch harbor Oct. 21. She brought no gold, passengers or freight southward.

Mate Carlson of the Lakme confirms the reports that the river steamer have gone to their quarters in Yukon. The last of the steamers to seek rendezvous left St. Michael's while the Lakme was there.

"No snow was on the ground in the immediate vicinity of St. Michael's when we left there," said the mate, "but the weather was gradually getting colder. Disagreeable northeast gales swept over the place and during the 13 days we were there discharging cargo we were compelled to put to sea several times as far as Egg Island, 15 miles distant, to seek shelter behind the island or stand away from the inhospitable shores and shallows near shore."

COLLISION ON THE PANHANDLE.

One Man Fatally Injured and Five Others Severely Bruised.

CROWN POINT, Ind., Nov. 2.—One man was fatally injured and five persons were severely bruised by a collision on the Panhandle road at Hartsdale, Ind., last night. The injured are:

Andrew Banosky, sectionhand, fatally wounded.

Henry Lepper, engineer, severely bruised.

Elmer Schrock, fireman, severely bruised.

B. Liko, section hand, leg broken.

Frank Wesley, newsboy, badly bruised.

Michael Rascher, a baggageman, bruised.

The Logansport accommodation, west-bound, was running at a high rate of speed, when it struck an open switch, 11 miles west of Crown Point. On the side track stood a work train. Both engines were wrecked and the smoker and baggage car on the accommodation train were telescoped. None of the passengers were injured.

LONG DROUTH BROKEN.

Steady Downpour of Rain Over Illinois, Indiana and Ohio.

CHICAGO, Nov. 2.—Absence of rain for nearly three months in many sections of Illinois, causing great fears for the grain crops of 1898, has been atoned for by a continuous downpour, lasting 24 hours. From all over Illinois, northern Indiana and Ohio come reports of steady rain.

At Humboldt, Ills., there were flurries of snow.

Chicago is feeling her first sting of winter. Following a drizzling rain came a stiff wind from the northeast which increased steadily until it was blowing a gale. Lake traffic was brought to a standstill, but no damage is reported.

Reports from the interior of the state are to the effect that although the rain came too late to save all the winter-sown grain, a large area will be materially benefited.

Twenty-Nine People Injured.

BERLIN, Nov. 2.—An engine collided yesterday with a train at Ellenburg on the Halle-Kottbus line, 15 miles from Leipzig. Twenty-nine persons were injured and of this number six persons may die as a result of the injuries received.

Woman Dropped Dead.

VALPARAISO, Ind., Nov. 2.—Mrs. George Bassett of this city, 50 years old, dropped dead yesterday while preparing breakfast.

M'KINLEY AT CANTON

Citizens Turn Out to Welcome the President Home.

SERENADE, "HOME, SWEET HOME."

Commercial Travelers and a Delegation of Workmen Call and Present Greetings—A Young Girl Saves Her Mother's Life—Freight Conductor Killed—Farmer Missing—Other Ohio State News.

CANTON, O., Nov. 2.—The people of Canton turned out in large numbers to welcome President McKinley upon his arrival at home yesterday evening. He was escorted to his residence by the Canton troop and no sooner had he reached there than he was waited upon by the Commercial Traveler's association and a large delegation of workmen from Duerber Heights, most of whom were employed at the Duerber watch works.

A large crowd of citizens also surrounded the house and the yard and abutting streets were packed with humanity that stood patiently in a steady downpour of rain while the bands played "Home, Sweet Home," and awaited the appearance of the president. Round after round of cheers went up as he appeared on the porch and when quiet was restored N. J. Trodo, of the traveling men, presented the greeting of that delegation while Colonel S. L. Hodgdon, an employe of the Duerber works assured the president that his co-workers in the watch business appreciated the new administration and the prosperity it has brought them.

The president mounted a wooden chair on the porch and was again roundly cheered. He then briefly addressed the crowd.

The president and Mrs. McKinley remained with Mother McKinley all night and spent the evening in pleasant social intercourse with members of the household and a few intimate friends who called. They will remain here to night, leaving here early tomorrow morning for Pittsburg.

Saved Her Mother's Life.

ABERDEEN, O., Nov. 2.—Mrs. Rachel Kingsbury, a widow living near here, was milking a cow when a vicious hog attacked her, knocking her down and bruising her in a frightful manner. The woman's screams attracted her daughter, a girl of 15, to the scene, who secured an ax and finally succeeded in killing the hog, but not until her mother's clothing was entirely torn off and her body a mass of cuts and bruises. After killing the hog Miss Kingsbury fainted.

Freight Conductor Killed.

MILFORD, O., Nov. 2.—Walter Frane, the well known freight conductor, who resided at Morrow, O., was killed near Miamiville at 12:30 o'clock yesterday by being jarred from the platform of the caboose and run over. The train at the time was moving backward. The body was brought to Milford and Coroner Clark held an inquest. The remains were taken to Morrow for burial.

Farmer Mysteriously Missing.

PORTSMOUTH, O., Nov. 2.—John Jones, a farmer living near Lucasville, has disappeared. He started for home from this city Saturday night, but his horses reached home at 1 o'clock Sunday morning, and he has not been seen since. He had considerable money. Foul play is feared.

Stricken With Paralysis.

CLEVELAND, Nov. 2.—J. M. Worthington, president of the Cleveland Stone company, which is a consolidation of several of the largest concerns of that nature in the country, was stricken with paralysis yesterday, and was taken to his home in Elyria, where he died yesterday evening.

Died of His Injuries.

UPPER SANDUSKY, O., Nov. 2.—Frank Snedeker, the stranger who was found beneath the railway bridge Friday morning, is dead. The accident happened in his getting off a train east of the bridge by mistake and he fell through while crossing. His home is in Toledo.

Coal Vein Found.

PEEBLES, O., Nov. 2.—Coal has been discovered on the Shumaker farm, a few miles north of here. A stock company will be organized at once. The mines are located on the proposed Black Diamond railroad and the discovery has created great excitement in this vicinity.

Got the Right Man.

NORWALK, O., Nov. 2.—A. G. Stringham's store, at Steuben, this county, was robbed a few days ago of watches and jewelry. Last night a man named Wright was arrested at Elyria having such property on his person, together with a kit of burglar tools.

Valuable Timber Burned.

YOUNGSTOWN, O., Nov. 2.—Careless hunters set fire to a woods on the estate of Governor Tod, destroying a large amount of valuable timber. Firemen responded to the call and after hard fighting controlled the fire.

General James C. Howe Dead.

CANTON, O., Nov. 2.—General James C. Howe died at 12:15 o'clock yesterday after two weeks' illness of typhoid fever. He was 48 years old. He was adjutant general under Governor McKinley.

HALLOWEEN FIRE.

A Number of Buildings Destroyed at Fort Branch, Indiana.

PRINCETON, Ind., Nov. 2.—A Halloween celebration is supposed to have been responsible for a fire at Fort Branch, which destroyed a number of buildings. Before the mischief was under control a quantity of dynamite in one of the burning buildings exploded, breaking glass for several blocks distant. The flying debris struck and injured several persons. The losses include the following:

John Meusner, two buildings, brick and frame; total loss, \$2,250, with \$1,400 insurance. The buildings were tenanted by W. L. Mollinger, furniture and undertaker, and S. L. Gillespie, hardware. Mr. Mollinger was damaged \$1,000, with \$600 insurance, and Mr. Gillespie \$300, with \$300 insurance.

Peter Hoffman, two buildings, brick and frame; total loss, \$1,800, with no insurance. The buildings were tenanted by J. W. Wright, barber; J. P. Jackson, jeweler; C. Cooper, saloon, and P. & N. Hoffman, hardware merchants. Mr. Jackson's loss is \$500, Cooper's \$600 and the Hoffmans' \$800.

Peter Hoffman's brick building, in which were located the Fort Branch Times, S. J. Williams, druggist, and J. N. Douglass, tailor. The loss on the building is \$1,500, with \$1,200 insurance. The Times plant was valued at \$100, fully insured. Mr. Williams' loss of \$300 is covered by insurance, while Mr. Douglass saved the greater part of his personal property.

A small frame building owned by Mr. Hoffman also was consumed, in which was located J. A. Carson, jeweler. Mr. Carson removed his stock and Mr. Hoffman was damaged on this building \$300.

Other property destroyed included the I. O. O. F. block, the upper floors used by the fraternity and the lower tenanted by W. L. Walters, groceries and hardware. The fraternity was damaged \$4,000, with \$1,000 insurance, while Mr. Walters' loss is \$1,800, with \$1,000 insurance.

Union Pacific Railroad Sold.

OMAHA, Nov. 2.—The Union Pacific road property, including the buildings and all that goes to operate the system was sold yesterday to the reorganization committee for the sum of \$53,528,532.76. This amount does not include the sinking fund in the hands of the government, and taking this to be \$4,026,400, the amount stated in the government decree covering the sale of the road, the total paid for the property was \$57,554,932.76. There were no other bidders, and the road went to the reorganization committee without any opposition.

Half Brained With a Club.

FRANKFORT, Ind., Nov. 2.—Mrs. Webb Gayler, while celebrating Halloween with a party of masqueraders, claims to have been struck over the head with a club wielded by George Maddix, cutting her scalp and fracturing her skull. Her condition becoming alarming, Maddix was arrested the second time and held to await developments. The defendant alleges that he was first assaulted by the woman, who struck him with a stick. His scalp is badly cut.

Serious Runaway Accident.

HUNTINGTON, Ind., Nov. 2.—John Woolery and wife, old people, while driving home south of this city night before last, encountered a crowd of Halloween roysterers with boxes and other noisy articles. Woolery's horse took fright and ran away, throwing Woolery and his wife against a telegraph pole. Both were badly hurt, the husband fatally.

Enforcing the Truant Law.

JEFFERSONVILLE, Ind., Nov. 2.—William Bir of Carr township, upon being notified by truant officer Armstrong to send his children to school, threatened to shoot the officer. Bir was arrested and fined, and yesterday the entire settlement hurried his children to school. This was the first case in this section under the compulsory education law.

Twenty-One Years For Murder.

LAWRENCEBURG, Ind., Nov. 2.—Rudolph S. Royce was sentenced to the penitentiary for 21 years Saturday for the murder of Joseph Uguski. The jury was out but 15 minutes. Royce and Uguski had been on bad terms for some time and in an argument on the street Royce stabbed Uguski to death.

Suddenly Seized With Paralysis.

HAZLETON, Ind., Nov. 2.—H. M. Trickett, an old soldier of this place, who served as captain in the late war, received a paralytic stroke while in the postoffice Saturday evening, depriving him of the use of his entire left side and of speech.

Died From Fright.

BOURBON, Ind., Nov. 2.—Mrs. Isaac Seavolt took suddenly ill Saturday night and arose to take medicine. On returning to her room she discovered her husband in what she believed to be his death struggle. The sight so frightened her that she fell dead.

Fled the Type.

PAINTSVILLE, Ky., Nov. 2.—The office of the Paintsville Commercial was entered by some unknown person and the type piled and the office badly wrecked. It is supposed that political enemies of the editor are the guilty parties.

Grocery Burned.

LEXINGTON, Ky., Nov. 2.—Fire yesterday destroyed William Proctor's grocery, on Colfax street, and damaged his residence adjoining. The family was rescued with difficulty. Loss \$1,000; partially insured.

THE CRISIS PASSED.

Yellow Fever Cases Will Gradually Decrease Hereafter.

COOLER WEATHER NOW PREVAILS

Twelve Deaths and Thirty-Eight New Cases at New Orleans—Only Three Deaths in Alabama—Three Deaths in Mississippi—Favorable Report From Memphis—Quarantine Raised.

NEW ORLEANS, Nov. 2.—From now on the number of yellow fever cases will gradually decrease, is the opinion of the board of health officials. The anxiously awaited cold wave has arrived here. The cold snap has had the effect of increasing the mortality to 12 and also has caused the number of new cases to swell somewhat, there being 38 for the past 24 hours. It is generally believed, however, that tomorrow will show a decided improvement in the situation.

The record of deaths and new cases is as follows:

DEATHS.

Guy Boies.
Louis Hardone.
— Gerec.
— St. John.
S. Balise.
Sarah Balentyne.
D. Carera.
John Brown.
Charles Johnson.
Henri Medele.
Antonio Marino.
Eugene Petrol.

Mrs. Aubrey Pritchett, Monroe Vincent, Blanche Bernstein, Rachael Henwith, Daisy Newberger, Amelia Balm, Francis Kohlman, Alice Bohner, John Case, John Brown, Josephine Kelley, W. H. Hartwell, Mrs. Harry S. Williams, — Lannes, Father Paul Schauble, Mrs. Addie Mitchell, — Dell, — Gerco, Mrs. Rierdan, — Sommers, Mrs. A. Bradley, Mrs. Clara Mitchell, Lulu Wall, — John, Kato Tranelina, James Capron, Berwick Capron, Gualetha Augusta, George O'Connor, R. Kennedy, Meena Dell, Lizzie Peters, Millie Jewells, Charles Duggan, Leonard M. Finlay, Lizzie Tobias, D. Corea, Anthony Fielder.

ALABAMA TOWNS.

Only Three Deaths Reported but a Number of New Cases Announced.

MOBILE, Nov. 2.—Nine new cases, no deaths and five recoveries is the report for the first day of the month. The new cases are: Frances McKeough, John McKeough, Mrs. W. H. Satten, H. L. Hungerford, C. L. Vest, Henry Davenport, Henry Williamson, W. R. Davis, W. H. Kramer. Total cases to date, 264; deaths, 35; recoveries, 52, under treatment, 47.

Montgomery reports one new case of yellow fever for the past 24 hours—F. H. Yarbrough—and one death, R. H. Weathers.

From Whistler 19 cases are under treatment. There was one death there Sunday—Mrs. Barbara Agee.

From Mount Vernon, the death of J. B. Sprogrins is announced.

Official report from Selma is: No new cases and no deaths. The only patient under treatment, Miss Pearson, is in a critical condition with the chances against her recovery.

Four new cases are reported at Flomaton.

MISSISSIPPI TOWNS.

Official Statement Issued by the State Board of Health.

JACKSON, Miss., Nov. 2.—The state board of health has issued the following official statement of yellow fever in Mississippi towns:

Scranton—Six new cases and one death, Mrs. Ivey Colon.

Pascagoula—Three new cases. General Thomas S. Ford is dangerously ill at his residence in East Pascagoula and is not expected to live.

Bay St. Louis—Six new cases: Alice Drouette, Osmond Green, Mrs. Luther Anspey, Mollie Simmons, Sydney Cowan, Luther Anspey.

Biloxi—No new cases, 5; suspicious, 1; deaths, 1; cases under treatment 141; yellow fever to date, 500; total deaths to date, 36.

One new case of yellow fever is reported from Edwards and three from Nitta Yuma.

From Durant is reported one death. There are no new cases at the other infected points.

Quarantine Raised.

CHATTANOOGA, Nov. 2.—Yesterday the Chattanooga and Hamilton county health authorities raised the quarantine against points infected with yellow fever. Last night Dr. Young of the United States marine hospital service notified inspectors here that federal quarantine over east Tennessee will be discontinued hereafter. Seven inspectors were employed in this section. This leaves east Tennessee open to refugees.

NEW ALBANY, Ind., Nov. 2.—The depot at Taswell, on the Air Line railroad, west of this city, was totally destroyed by fire yesterday. None of the contents was saved. The origin is unknown.

Joseph Galbreath Dead.

VALPARAISO, Ind., Nov. 2.—Joseph Galbreath, a pioneer resident of Porter county, died here yesterday. He was 55 years old. He leaves a wife and seven children.

Mr. DINGLEY's "revenue producer" continues piling up the deficiency at the rate of \$116,000,000 a year! Take a look at the figures elsewhere in this issue.

In a sworn statement published in the Cincinnati Enquirer Sunday the manager of the Kentucky Lottery Company of Covington says the lottery people spent \$50,000 trying to defeat the Goebel Anti-Lottery bill.

The Louisville Commercial says the recent drouth has put up the prices of nearly all edibles considerably. Isn't this rank heresy? We thought prices were under the control of the Republican administration.

"HERE's dollar wheat again," exclaims the Louisville Courier-Journal. With the present shortage, and the prospects as poor for next year's crop as they are at present, wheat ought to be bringing a good deal more than a dollar.

On six hours notice William Jennings Bryan drew a cheering multitude of 60,000 people in Cleveland, O., Saturday night last. President McKinley Monday drew not a handful, comparatively speaking. Of course, free silver is dead.

FREE RAW MATERIALS.

The value of free raw materials and the relaxation of trade restrictions is shown in the marked increase under the Wilson bill of our exports of manufactured articles. Notwithstanding the heavy increase in agricultural exports for 1897, which are likely to push the total value of exports for the year beyond the aggregate of any past year in our history, the exports of manufactures will still show an increasing percentage.

The total exports of all classes of merchandise for the eight months ended August 31, 1897, amounted in value to \$629,426,817—showing a gain over the first eight months in 1896 of \$32,209,831. The total exports of American manufactures for the eight months ended August 31, 1897, amounted in value to \$189,022,895—a gain over the corresponding months in 1896 of \$26,515,237.

"The danger is that the Dingley bill may check this excellent growth," says the Louisville Post. "It is disappointing everybody but the managers of trusts. A deficit of ten million for October may well disturb the promoters of the Dingley bill."

COUNTERFEIT DOLLARS,

Yet They Contain More Fine Silver Than the Genuine Dollar.

St. Louis, Mo., Oct. 30.—Counterfeit silver dollars of greater weight and fineness than those turned out from Uncle Sam's mints are the latest in the confectioner's art, and St. Louis is the first city to suffer from them.

For the last week St. Louis bank tellers have been accepting counterfeits in question without hesitation. It was only when they reached the St. Louis Sub-treasury that the spurious character was detected. United States Treasurer Small sent one to the mint for assay.

He received a reply in which the statement was made that, although the assay had not been completed, there was no doubt that there was more pure silver in the counterfeit than in a genuine coin, and that its fineness exceeded that of the genuine.

City Treasurer Fitzgerald was allowed the usual sum, \$300, for collecting this year's taxes.

The sewer on Second and Washington streets, Sixth ward, has been completed, and the written agreement of the parties who contributed to the construction of same not to tap the sewer for other than surface drainage was read and ordered placed on record.

The Internal Improvement Committee reported that the sewer from jail down Grave alley had been thoroughly cleaned.

The Market street esplanade was up for consideration. The committee reported that the general opinion of members of Council was that the job was not a first-class one as required by contract. The contractors had executed bond to keep it in repair for five years, but the sureties were Cincinnati residents and some members didn't know whether they are responsible parties or not. After some discussion the matter was continued till next meeting.

Mayor Cox reported that the owner of the dilapidated brick building at the corner Third street and Morgan alley had consented to have the building torn down. He also reported that there was a deal on for the sale of the property and if it is not sold soon the building will be removed.

A letter from Commodore F. A. Laidley of the White Collar Line of steamers was read, asking that the wharfage here be reduced to 25 cents a landing. The letter stated that wharfage at points on the upper Ohio was much less than it is in Maysville, and that many cities charged no wharfage at all. The request was referred to the Committee on Wharves and Ferries.

The ladies of the Episcopal Church were allowed \$3, amount of license paid for a lecture.

Andrew Roth was refunded \$1.50 poll tax improperly assessed against him. He was not residing in Maysville when the assessment was made.

The brick gutter on south side of East Fourth street was ordered extended to the corporation limits.

Mr. Stallcup reported complaint in regard to a cistern on East Fourth street being in an unsafe condition, and the Chief of Police was directed to notify the owner to have the covering made safe.

Mr. Frost stated that complaint had been made to him about a lot of disreputable characters living in the West End, whose vile language and lewd conduct rendered them a nuisance to the neighborhood. The Clerk was directed to notify the owner of the property of the penalty for renting property for such purposes. It was afterwards stated that the owner had brought suit to eject the tenants, and that it was still pending; and the Clerk was directed to withhold the notice.

Mr. Blatterman stated that "hard times" still prevail, and that many citizens had been unable to pay their city taxes. He moved that the time for the payment of taxes be extended thirty days and that the penalty of 10 per cent. not be added until the expiration of said thirty days. His motion was seconded by Dr. Smith. Mayor Cox stated that under the law he would have to declare

Royal makes the food pure, wholesome and delicious.

ROYAL

BAKING

POWDER

Absolutely Pure

ROYAL BAKING POWDER CO., NEW YORK.

the motion out of order, as the law specifically stated that the penalty must be added November 1st. Mr. Blatterman appealed from the decision. Mr. Newell stated that he was satisfied Mr. Cox's position was right, but he recognized the fact that many people were burdened and had been unable to pay their taxes by November 1st, and that it would be a hardship to require the penalty of them. While they could not extend the time, yet he claimed that Council had a perfect right to donate the penalty to those persons who would pay their taxes by December 1st. In line with Mr. Newell's claim, Mr. Stallcup moved that the penalty be donated to all delinquents who paid their taxes before December 1st. The motion was adopted on a ye and nay vote of 9 to 2, Mr. Pearce and Dr. Smith voting no.

The ordinances presented at last meeting went over till next meeting for final action.

Mayor Cox reported that in accordance with instructions from Council he and Mr. Newell had destroyed blank bond No. 131.

The Ways and Means Committee was directed to pay off and cancel the note for \$1,500 for money borrowed a month ago.

On motion Council adjourned until November 18th.

The dwelling of J. J. Hines, a farmer near Manchester, was destroyed by fire Sunday.

ROPER will sell you oysters any way you want them. He gets them direct from Baltimore.

WILLIAM FAGAN, of Brown County, O., and Miss Delia Spencer, of this city, will be married November 3rd.

CALL at Murphy's, the jeweler, and see how cheap you can buy a handsome wedding present. His stock is the largest in the city; his prices are always the lowest.

The Court of Appeals has extended the time twenty days for filing brief in the case of the Brooksville Railroad Company against Byron, taken up from Robertson County.

UNDER the new schedule that went into effect Sunday on the L. and N., the morning train leaves here at 5:47, five minutes earlier than heretofore, and the afternoon at 1:25, instead of 1:30. The morning train arrives at 9:45, five minutes earlier.

CHIEF OF POLICE ORT is a candidate for re-election. He has made a faithful official, ever attentive, and always at his post of duty, and he respectfully asks your support. Stamp the X under the full moon, or in the small square immediately after and at the right of his name in marking your ballot.

QUININE, hot baths and hot drinks as remedies for a cold often derange the functions, open the pores and make the system susceptible to more cold. Dr. Bell's Pine Tar Honey goes to the seat of the trouble and cures the disease without the slightest injurious effect. For sale at Chenoweth's drug store.

Dr. F. O. YOUNG, of Lexington, brother of Lieutenant Commander Lucien Young, U. S. N., has advised that Lieutenant Young has been relieved of his duties as navigating officer of the cruiser Boston, on the China station, and ordered to the command of the gun boat Yorktown, which he brings to San Francisco. It is said that Lieutenant Young will be assigned permanently to the command of the Yorktown. It is also thought he may be placed in command of the battleship Kentucky when launched next spring.

Household Gods.

The ancient Greeks believed that the Penates were the gods who attended to the welfare and prosperity of the family. They were worshipped as household gods in every home. The household god of to-day is Dr. King's New Discovery. For consumption, coughs, colds and for all affections of throat, chest and lungs it is invaluable. It has been tried for a quarter of a century and is guaranteed to cure, or money returned. No household should be without this good angel. It is pleasant to take and a safe and sure remedy for old and young. Free trial bottles at J. J. Wood's drug store. Regular size 60c. and \$1.00.

Lining Interests!

If you use our linings you do so with the full assurance they will not crack they will wash, they will give the utmost satisfaction, they are sold solely on their merits, they are selected from the market's best selbias, satens, watered percalines, rustle Percales, figured Taffetas, etc. Once use our linings and you'll have no other. The prices are as just as the qualities.

UPHOLSTERY GOODS.—Maysville has not before had such a depot for draperies and kindred stuffs. Look at the new Silkalines. Novelty pretty and modestly priced—10c. and better. The new Demins and Tapestries are just as interesting. Ask to see the Bulgarian Art Work. It is easily copied and samples are ready for your inspection—something for Christmas workers.

BLACK DRESS GOODS.—Aimures 29c., all this season 37c. Five sorts, new weavings; won't last long—too cheap to stay here. Princella Cloth Skirt lengths at \$2.50, just the stuff for the fastidious and just half price—a selling combination. Somebody suffers for the price, but that's no concern of yours. Worth considering such a bargain, isn't it?

COLORFUL FABRICS.—Such richness and variety are new even here. Unbiased judgment places this Dress Goods store where it belongs—at the top. The exhibition of rich novelties is at its best. Only enough of the finer ones for a dress pattern or two. Exclusive bits of elegance disappear and other beauties take their place—always something new. Here's a short list taken at random: Figured Melanges 50c., Fancy Novelties 65c., Prunella Armures 75c., Scotch Granites 80c., French Coverts \$1, English Cheviots \$1.25.

EDISON'S DISCOVERY.

A New Method of Producing Pure Iron From Low Grade Ore.

[New York Journal.]

Thomas A. Edison's success in recovering by electrical means the iron contained in low grade ore is announced. The inventor's experiments have been carried on during the past six years at the old Ogden Iron Mines, a few miles from Dover, N. J., where he has built up a plant covering several acres of ground, and which, after many experiments, is now capable of producing daily from 1,000 to 1,500 tons of almost chemically pure iron.

The ore worked contains on the average about 25 per cent. of iron, and resembles in appearance a very poor quality of gray rock. Mr. Edison states that there are 200,000,000 tons of this ore on the land immediately surrounding his plant, from which can be produced 50,000,000 tons of iron.

His process consists in breaking up the ore and passing it on to other mills, where it is pulverized. The powder is then allowed to fall in close proximity to electro magnets, which deflect the iron to one side, and the non-metallic matter falls to the other side by gravity. From the time the ore is blasted until it is resolved into this metallic form and compressed into briquettes for shipment, the process is entirely automatic.

REMARKABLE WATER

Found Sunday in an Old Well on Mr. George Bateman's Farm Near Lexington.

[Lexington Herald.]

A remarkable mineral water was discovered Sunday in an old well on the farm of Mr. George Bateman, on the Maysville pike. The specific gravity of this water is very great, caused by the large quantities of minerals held in solution. In every ounce of water there is nearly a teaspoonful of solid matter, consisting principally of sulphur and various kinds of salts. This residue is of considerable strength, even imparting a burning sensation to the skin; the water itself must be diluted before it can be taken into the stomach. A complete analysis of it will be made to-day.

The well from which the water was taken is one hundred and seventy feet in depth, and was bored some years ago. Originally it was a sulphur well, and as such was used for a number of years. Some time ago the pump over it was broken, since which no water has been taken out until Sunday, when the remarkable change in its mineral properties became known.

THE DEFICIT GROWS,

Showing That the Dingley Law Does Not Provide Sufficient Income.

WASHINGTON, D. C., October 30.—At the close of business to-day, the last business day of the month, the gold reserve in the Treasury amounted to \$153,551,811, which is by a few thousand dollars the highest point recorded since November, 1890.

The deficit for the month was \$9,322,653, or \$1,019,725 greater than the deficit for the same month last year. The total receipts for the month were \$24,390,347, while for October, 1896, they were \$25,327,072. Of the receipts \$9,713,495 was received from customs, compared to \$10,678,520 for last year.

The total expenditures for the month were \$33,713,000, as compared with \$33,630,000 for October, 1896.

DIED EARLY THIS MORNING.

Mrs. Austin Holmes Passes Away After a Lingered Illness—The Funeral Arrangements.

Mrs. Emma Belle Holmes, wife of Mr. Austin Holmes, died shortly before 1 o'clock this morning at the family residence on Second street, between Market and Limestone, of cancerous trouble. She had been ill since last April, and for two weeks had been confined to her bed. Her condition became very critical a few days ago, and her physician and relatives then realized that the end was not far off.

Deceased was a daughter of Mrs. Cynthia Warbington of this city, and was fifty-two years of age. Her husband survives and she leaves two sons, Messrs. Bruce and Harry Holmes, and one daughter, Mrs. Laura Dion. Mrs. Holmes was an estimable, Christian woman, and her many friends throughout the city learned with sincere sorrow of her death.

The funeral services will be held at the residence and will be conducted by Rev. S. D. Dutcher of the Christian Church. The date has not been announced. Burial in the Maysville cemetery.

MRS. ELLA D. COCHRAN.

Death at Dallas, Texas, Monday of a Former Resident of This City.

Mrs. Mary D. Poyntz is in receipt of a telegram bringing the sad news of the death of her sister, Mrs. Ella D. Cochran, which occurred at Dallas, Texas, Monday, November 1st.

Mrs. Cochran had been in failing health for some time and went to Dallas not long ago in hopes of deriving some benefit in that climate.

Deceased was a daughter of the late Coburn Dewees who was connected with the Northern Bank of Kentucky at one time. She was born and raised in Maysville and has a large circle of friends and relatives in this community.

The remains will be interred at Lexington to-morrow.

STARTED ABOUT POLITICS.

Several Men Badly Hurt in a General Fight at Greenup.

GREENUP, Ky., Oct. 30.—There was a free-for-all fight here this evening. A crowd was gathered on the street corner, when, without warning or previous quarrel, the mix-up began.

There was no shooting, but knives, clubs and stones were freely used. Two brothers named Irwin were dangerously out, one in the neck and the other in the back. Two other men lay unconscious on the ground when the smoke of battle cleared away. A number of others were more or less hurt.

The fight seemed to have been started over politics.

FIRE INSURANCE.—Pickett & Respass, successors to Duley & Baldwin.

The Appellate Court has adjourned until Thursday on account of the election.

ELDER J. W. BULLOCK will visit the Christian Church at Sardis next Lord's day. Preaching at 11 o'clock.

NOVEMBER 1st to 6th inclusive, the C. and O. will sell round-trip tickets Maysville to Chicago at \$13. Final limit November 7.

JOSEPH LITZINGER, a native of Germany, took the oath of allegiance Saturday and was declared a citizen of the United States.

There is a prospect that the Maysville shoe factory will again be in operation before long. The contentions between the owners of the factory and the Hamburgers have been settled satisfactorily.

THIEVES broke into the cellar at the home of Mrs. Jacob Marsh in Charleston Bottom last night and stole a lot of preserves, canned fruits and butter. Parties living on a shanty-boat below town are suspected.

The changes in the Covington Collectors' office and the State Insurance Bureau will take place Wednesday. Insurance Commissioner Comins will become Collector, and Will Stone, the State Auditor's son, Insurance Commissioner.

If you are thinking of buying a wedding present or a birthday present, you ought to be able to find just what you want at Ballenger's jewelry store. His stock of sterling silverware and novelties in the jewelry line is not surpassed anywhere. Goods guaranteed.

A COMPANY of fifty people, among them American and Oriental actors, make up Turner's "World of Novelties." They give a performance that far exceeds anything that ever visited Maysville. Among the many features are a troupe of genuine Arabs, Turks, Japanese, trained animals, noted comedians, novelty dancers, pretty girls and a host of other features.

CHRISTIAN CHURCH ROLL CALL.

It Will Occur Next Sunday Morning, and All Members Are Urged To Be Present.

As heretofore announced the membership roll will be called at the Christian Church next Sunday morning at the 10:30 o'clock service, and every member of the congregation is urged to be present. Those who are unable to be on hand in person are kindly requested to have some one respond for them.

The church has a membership of between 500 and 600, but of these nearly 100 are non-residents.

At the last roll call the church was crowded almost to its full seating capacity, and with few exceptions all the resident members answered to their names.

Let all plan to attend next Sunday morning. The public invited.

FOOT BALL.

Don't Miss the Opening Game Saturday Between the Maysvilles and Woodward.

You don't want to miss the opening game of foot ball at the local park next Saturday.

It will be played by the Maysville team, composed of old college players, and the Woodward team, one of the best in Cincinnati.

These clubs will line up at 2 o'clock Saturday afternoon, and the locals promise to make it lively for the visitors. Admission 25 cents.

Steel Roofing.

Thompson & McAtee are to-day unloading a car of steel roofing. They can now fill all orders promptly.

We Knew We Had a Good Thing

In the stock of fine Clothing we recently bought by electric light. There is so much clap-trap Clothing advertising in vogue at present that we refrained from saying too much about this purchase. We simply called your attention to it and said look in our window display, see the goods and note the CASH price on them. We knew we would sell some of them; the continued warm weather left a doubt as to selling a great many now. The doubt is dispelled. Since the day we opened this purchase and made our window display our store has been crowded with customers anxious to secure these unheard-of bargains.

We advise our friends who contemplate buying a Fall or Winter Suit and Overcoat not to let this opportunity slip. It is only one in a long time where circumstances arise that enable merchants to secure

Mr. L. M. MARSHALL got an average of \$15.37 a hundred for four hogsheds of tobacco sold at Cincinnati the past week. Mr. E. D. Pickett sold two hogsheds that averaged \$12.62 a hundred. Worthington, Gault & Co. sold five hogsheds, averaging \$13.15.

MR. JOHN I. WINTER, the hustling merchant who recently bought Mr. Henry Ort's furniture business and who will take charge of the establishment before long, was in Maysville Monday looking for a residence. He recently returned from Michigan where he purchased eight car-loads of furniture for his new store.

Mrs. A. V. Sizemore, wife of the pastor of the First Baptist Church of Newport, is in a serious condition as the result of swallowing a piece of needle. She took the fragment away from her child, who was playing with it, and placed it in a saucer. Preserves were put in the dish by some one who did not see the needle. Mrs. Sizemore ate the preserves and the steel lodged in her throat. X rays were used to locate it, but it has not yet been removed.

River News.

The Fairplay left Cincinnati Monday for up-river points on a snag pulling expedition.

Will D. Kimble, aged twenty-six, born at Rome, O., was granted Captain's license last week. He is probably the youngest commander on western waters.

The Louisville Dispatch says: "The steamer Electra, built by Captain Ed. J. Howard for the Red River Packet Company, is one of the handsomest crafts of her size that ever left Howard's ship yard. The boat is a sternwheeler, 170 feet long, 35 feet beam and a 5 feet hold. She has a capacity for carrying 2,000 bales of cotton. Her cabin is a thing of beauty. Every stateroom is named after some beautiful flower, such as rose, violet, &c. The new packet is lighted by electricity throughout. Her name will be displayed in incandescent electric lights in front and at the sides of the pilot house. Between the smokestacks is a large star composed of colored globes, which makes a beautiful appearance at night."

Junior Y. M. C. A. Reception.

The Junior reception will be given tomorrow, Wednesday, evening at 7 o'clock in the parlors of the association. Not only the Junior members, but their boy friends are invited to be present. The program will be an excellent one as follows:

When any part of the body isn't doing the work that nature intended it to do, it puts the whole system out of tune—out of harmony. Sickness in one part of the body is likely to run into all parts of the body. When children stand a row of bricks on end, they knock the whole row down by upsetting one brick. That is exactly what happens to the health when the bowels fail to perform their proper functions. Constipation makes trouble all along the line—puts the liver out of order, is bad for the kidneys—bad for the stomach. It holds in the body poisonous matter, and because it cannot go any place else, it gets into the blood. The blood carries it all over the system. That makes sluggishness, lassitude, bad breath and foul taste in the mouth, fills the stomach with gas and causes windy belching, stops digestion in the stomach, causes sour stomach, heartburn and headache. You can avoid all such trouble, for Dr. Pierce's Pleasant Pellets cure constipation and its attendant evils.

Send 21 cents in one-cent stamps to Dr. R. V. Pierce, Buffalo, N. Y., for his "Medical Adviser." It is a book of 1008 pages, profusely illustrated.

TOBACCO INSURANCE.—J. C. Everett.

RIOT AT SCOTSDALE, PA.

Three Men Shot and Several Others Injured by Being Struck With Stones.

SCOTSDALE, Pa., Nov. 2.—A riot occurred here last night, in which Henry Gillespie, John Jordan and Manager Skimp of the Scottdale Iron and Steel company were badly injured. Sunday a union man, Frank Keltz, was beaten into insensibility by nonunion ironworkers and Keltz' fellow workmen vowed vengeance.

Manager Skimp, fearing trouble when his men quit work, formed 30 or 40 of them in line and marched up Pittsburgh street. At Broadway a large crowd had gathered and four of the marchers, with drawn revolvers, stepped to the front and ordered the crowd back. Just then some one throw a stone into the crowd of nonunionists. This was responded to by a shot, followed by a regular fusillade, fully 50 shots being fired, nearly all coming from the nonunion men.

Manager Skimp was shot in the left foot and was struck by a stone or brick on the left side of the head and is seriously, though not dangerously wounded.

Henry Gillespie was shot through the right arm, the ball passing through an artery and he almost bled to death before the wound could be dressed.

John Jordan had three fingers shot off.

Several others were slightly injured by being struck with stones. From the number of shots fired it is almost miraculous that no one was killed outright.

Gillespie claims that when the shooting commenced he started for a place of safety. He claims that he was fired at by Manager Skimp. Thomas Gillespie, a brother of Henry, stated that he saw Manager Skimp fire three shots in the direction of Henry. Gillespie will swear out a warrant for the arrest of Manager Skimp for felonious shooting. Four nonunion men were arrested.

GOLD FROM COOK'S INLET.

Sixteen Passengers Bring Down \$46,000 on the Schooner Norman Sund.

PORT TOWNSEND, Wash., Nov. 2.—The schooner Norman Sund, operated by the Copper River Trading and Transportation company of this place, has just arrived from the Cook's inlet. She brought down 16 passengers, who have a total of \$46,000 in gold dust, taken from the placer mines of Cook's inlet. The names of the returning miners bringing the largest amounts are:

John Rivers and wife of Helena, Mon., \$8,000.
James R. Greenleaf of Port Townsend, \$8,000.
Robert Duncan of Seattle, \$4,000.
John Woods of Gray's Harbor, \$4,500.
C. Crendon of Fresno, Cal., \$4,000.
J. Frasier of Seattle, Wash., \$4,200.
Grant and Crosier of Port Angeles, \$8,000.

All except Mr. Grant and Crosier have been at Cook's inlet for two seasons. The latter went in only seven months ago, located their claims and panned out \$4,000 each.

The Copper River Mining and Transportation company has completed arrangements for adding a fleet of steam schooners to its line, which will be running by the first of February. It will dispatch a schooner every 15 days for Copper river and Cook's inlet points.

NEW SMOKE CONSUMER.

Complete Combustion of Smoke and a Great Saving in Fuel.

BERLIN, Nov. 2.—The firm of Kuhut & Deissler of this city, has patented a simple smoke consumer, consisting of a fire clay plate to be inserted in the furnace, which is said to effect a complete combustion of smoke and to average a saving of 20 per cent in fuel. An ordinary fireman is able to replace it. Its cost is 400 marks.

Experts declare that it will revolutionize the system of heating by coal.

It is reported from Kiel that thorough tests of the invention have been made at the navy yards there, with the result that the government has ordered the application of the smoke consumer to all the boilers in use in the navy, and is negotiating with the inventors for the sole right to use it on steamers.

Lieutenant Niblack, naval attaché of the United States embassy has sent a special report to Washington recommending the adoption of the invention in the United States navy.

The naval attaché of the Chinese embassy has sent a similar recommendation to Peking.

SOLD LIKE SLAVES.

Two Negroes Placed on the Auction Block in Kentucky.

LEBANON, Ky., Nov. 2.—An occurrence that recalled vivid recollections of old slavery days took place in Lebanon yesterday. Two negroes, Thomas Hutt and William Reed, were convicted of vagrancy at the last term of the circuit court.

It was ordered that they be required to work, in accordance with the law.

Thomas Hutt's services were sold to the highest bidder for nine months; those of William Reed for three months.

Under the laws of Kentucky they will be compelled to work for their masters.

The former was sold for \$4.25 to Ben Spalding, and the latter to J. M. Raines for \$5.

Sheriff Glazebrook announced that it was the first time he had ever sold human flesh.

A large crowd was present and in less than 10 minutes the men were sold.

Favorable Report From Memphis.

MEMPHIS, Nov. 2.—The fever situation in this city and vicinity is most encouraging. The official report for the past 24 hours being two new cases and one death. The weather conditions are most favorable and indications suggest freezing weather. The new cases are John Plunkett, colored, and Malcolm McDowell. The death, F. H. Venn.

Running Typewriter on a Wheel.

At one of the recent French army maneuvers a conspicuous figure was a cyclist who carried a typewriter fixed on the handle bar of his machine. Asked what he was doing with it, the volunteer replied that he was acting as war correspondent.

"Yes," he added, "a war correspondent will have a new trick to learn before the next war comes on. His function will not hereafter be to sniff the battle afar off and then go at night to the shelter of a friendly camp and write what he thinks ought to have happened."

"Can you ride and typewrite at the same time?"

"Rather. You see, I get my impressions on paper while they are fresh, so that the story is brought 'up to date.' I don't need to dismount. I can stand astride and hammer out a report as comfortably as I could turn out good copy in my office."—Detroit Free Press.

Wit Saved Him.

Native wit saved a bicyclist from the humiliation of being arrested for transgressing the park board ordinance regarding bicycle bells. The young man in question was riding about Lake Harriet recently, when he was accosted by a policeman and asked if he had a bell on his bicycle.

"No, I haven't," he said, "but I have a whistle, and that is just as good."

"No, it isn't," returned the policeman. "The whistle doesn't go."

"It doesn't?" queried the cyclist. "Just hear if it doesn't go," and the rider suited action to his words and blew a shrill blast.

The policeman thought this was so funny that he held his sides with laughter, while the cyclist rode off.—Minneapolis Tribune.

Bicycle and Shower Bath.

At a recent cycle show in Paris a British manufacturer exhibited what he called a "volodouche." The affair was a combination bicycle and shower bath. A shallow tub is placed on the ground and partly filled with water. In this is placed a framework bearing a saddle, handle bar, pedals, cogwheels and chain. The "bather" sits on the saddle and works in the usual way. A tube runs up from the crank axle to about five feet above the rider, terminating in a rose douche. Through this tube the water is pumped by the action of the chain—and there you are.—New York Post.

Cause For Laughter.

First Little Boy—What are you laughing at?

Second Little Boy—Father's scolding everybody in the house 'cause he says he can't lay a thing down a minute without some one pickin it up an losin it—he, he, he!

"What's he lost?"

"His pencil."

"Where is it?"

"Behind his ear all the time."—San Francisco Examiner.

NO ONE TO BLAME.

Coroner's Verdict in the Cincinnati Opera House Catastrophe.

CINCINNATI, Nov. 2.—The coroner has rendered his verdict in the Robinson Opera House catastrophe, in which five lives were lost, as follows:

"I find that the accident was caused by the giving way of one of the trusses that span the building from the east to west and was due to the rotten condition of said truss where it was imbedded in the east wall.

"I also find that the proprietors and lessees of the building had no knowledge of the condition of the timber, as the part affected was completely concealed from view, and that the building had been thoroughly inspected two years ago by the proper authorities without this condition having been discovered."

Livestock Cremated.

SHELBYVILLE, Ind., Nov. 2.—The large barn owned by George Haymond was burned last night, with contents, including six head of horses, four calves, a large amount of grain and all the farming implements of Samuel Miller, tenant. The loss is total and will reach \$8,000. Believed to be incendiary.

Murderer Shot and Killed.

MARSHALL, Mo., Nov. 2.—Jim Hill, a negro, who shot and killed his wife near Arrow road Sunday, was shot and killed yesterday by Constable Roasley's posse, while resisting arrest near Arrow road. Hill killed a woman in St. Louis six years ago.

An Aged Mason Dead.

HUNTINGTON, W. Va., Nov. 2.—Thomas Thornburg, aged 79 years, died at his home in Barboursville last night. He was the oldest Freemason in this section, having been secretary of Minerva lodge No. 18 since 1851.

Bank Robbed.

BURLINGTON, Ont., Nov. 2.—The private bank of R. G. Baxter was broken into and the vault and safe were wrecked by dynamite early yesterday morning. About \$2,000 was taken.

Miss Sullivan's Assaults.

VANCOUVER, Ky., Oct. 29.—As a further development in the alleged attempted assault on Miss Emma Sullivan, Walter Himes gave himself up to-day and was released on a \$500 bond on a charge of betrayal and held under guard awaiting a bond of \$1,000 on a charge of attempted assault. Jordan, the alleged accomplice, is still loose.

The personal estate of the late John Cole, Sr., was appraised at \$363.30.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the liver and kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c. or \$1.00 per bottle at J. J. Wood's drug store.
